First Safety gas cylinder brackets and racks are equipped with chain slots to easily refit with Model G-105 Cylinder Chain Sets. Adding these welded steel chains allow **compliance with NFPA1, CalOSHA, and UFC requirements** for secondary cylinder support, and add an improved level of safety for any installation.

- Constructed from 11 Gauge hot rolled steel
- Designed to floor mount using four fasteners 5/16 or 3/8 inch diameter each appropriate for floor construction at location
- Edges are protected with steel reinforced vinyl edge guarding to help maintain your cylinders and provide extra grip
- Steel parts are sealed with powder paint to assure long service life and chemical resistance
- Support straps (2 per cylinder station) are 1.5 inch wide by 54 inch long polypropylene with steel cinch buckle and rate a robust 1138 PSI and are the primary means of support as they enable the cylinders to be held tight and secure against the brackets
- Chain sets (G-105) are optional and can be easily retrofit as a second means of support
- Dimensions: 24"L. x 56"W. x 30"H.
- Weight: 105 lbs
- Ships via UPS or truck for greater quantity orders
- Ships partially assembled for freight savings
- Shipping Dimensions: 31" x 29" x 11, 2 @ 49" x 5" x 5"
